

**Major Source Operating Permit Application  
Compliance Certification – Monitoring and Reporting  
Description of Methods Used for Determining Compliance**

**Form 70-19**

All sources that are subject to the Part 70 Operating Permit Program Ordinance/Regulation are required to certify compliance with all applicable requirements by including a statement within the permit application of the methods used for determining compliance. This statement must include a description of the monitoring, recordkeeping, reporting requirements, and test methods. In addition, the application must include a schedule for compliance certification submittals during the permit term. These submittals must be no less frequent than annually and may need to be more frequent if specified by the underlying applicable requirement or the Director of the Chattanooga-Hamilton County Air Pollution Control Bureau.
