Major Source Operating Permit Application Fuel Burning Equipment

1	Facility Name												
2	Type of fuel burnin (A form 70-04 must be co- fuel burning equipment.)	ompleted for	ent: · each piece o	of									
3	Fuel burning equipr	ment iden											
4	Stack ID (or flow diag												
5	Fuel burning equipment description:												
6	Year of installation or last modification of fuel burning equipment:												
7	Furnace type:												
			1										
	Manufacturer:		1										
8	Model Number												
	Year of Manufactur	re:											
	a. Type(s) of Fuel b. Rated Capacity in Million BTU/HR input		c. Type of Firing		Fuel Consumption		f. Percent Content		g. Heating Content of Fuel	(%) Excess Air			
9				d. A	Average	d. Maximum	e. Annual	Sulfur	Ash				
	Primary: Normal operating fuel(s)												
	Standby #1: Fuel(s) used in emergency only	fuel(s) sed in mergency											
	Standby #2: Fuel(s) used in emergency												
	only	l						<u> </u>	<u> </u>				
10	If emissions from this fu controlled for complianc control:												
	control.				_1								
11	If emissions from this fu monitored for complianc monitoring:												
			1										
12	Location of this fuel burning equipment in					North				East			
	UTM coordinates:												
		N 1 2 1 1 1											
13	Normal operating so			Hours/Day									
						Days/Week							
						Days/Year							
14	Describe any fugitive emissions associated with this process, such as outdoor storage piles, open conveyors, material handling operations, etc. (Attach a separate sheet if necessary.)												
1.5	Page Number												
15			100	1510						Date	110 . 151011
