

## CHATTANOOGA-HAMILTON COUNTY AIR POLLUTION CONTROL BUREAU

### Summary of Revisions to *The Hamilton County Air Pollution Control Regulation* September 2025

Items (A), (E), and (M): Institution of a late fee of 5.0 percent, compounded monthly, with a thirty-day grace period

Items (B), (C), and (F): Increase in fees for installation permits, certificates of operation, and demolition and renovation (asbestos) permits by approximately 25 percent (rounded down to the nearest \$5 increment) with a provision for possible future fee increases based on the Consumer Price Index, if necessary as determined by the Board

Item (D): Increase in fees for duplicate permits by 25 percent

Item (G): Increase in the application fee for an open burning permit from \$10.00 to \$15.00

Item (H): Increase in the application fee for a controlled burning permit from \$500.00 to \$625.00

Item (I): Increase in the one-time license fee for an incinerator (including cremation system) operator from \$20.00 to \$100.00

Item (J): Institution of a fee of \$200.00 for a renovation (asbestos) courtesy notification

Item (K): Increase in the minimum annual fee charged to a Part 70 (major) source from \$4,000.00 to \$8,000.00

Item (L): Institution of the “Part 70 presumptive minimum fee rate” for Part 70 (major) sources, which is calculated annually by the U.S. Environmental Protection Agency in accordance with the Consumer Price Index
